INTEGRATED MANAGEMENT SYSTEM POLICY

Quality-Environment-Occupational Health & Safety Policy

We, at Ami Polymer Pvt. Ltd., are engaged in the business of **Hi-tech** rubber products.

We are committed to produce and supply world class products which will make our customer **delighted** and to make them feel **proud** while using our products.

We believe that accident & risk to health are preventable through awareness & **involvement** of employee thus making safe, healthy & accident free work place.

We are also committed for **prevention** of environmental pollution & **optimizing** resource utilization.

To achieve above policy and goals, we have designed an effective **IMS system** with all applicable legislation of environmental, occupational health and safety, whose performance will be monitored and continually improved for sustainable development.

The **continual improvement** is of utmost importance to us.
